

What is supported by the foundation?

The "Foundation for International Dialogue of the Savings Bank in Bonn" supports international exchange and cooperation **in the Federal and UN city of Bonn.**

The goals of the foundation include the promotion of

- international and intercultural understanding
- development cooperation
- European integration and
- science and research in the areas of international politics and history

The foundation pursues its goals by promoting the exchange between people and cultures. It therefore supports events and congresses with international participation in the city of Bonn or in the region, and also by organizing own events.

In addition, the foundation promotes the activities of institutions and associations in Bonn that are committed to international understanding and the dialogue between cultures.

The aspect of sustainability is also important for all funding. Here, sustainability refers both to the impact of the measure and specifically to its implementation.

What is not supported by the foundation?
